

MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET– Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients, each as defined in Directive 2014/65/EU (as amended, "MiFID II"); and (ii) all channels for distribution of the Notes are appropriate including investment advice, portfolio management, non-advised sales and pure execution services. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable.

These Final Terms dated 13 April 2018 (the "Final Terms") have been prepared for the purpose of Article 5 (4) of Directive 2003/71/EC. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of the Final Terms when read together with the Base Prospectus dated 4 April 2018, including any supplements thereto (the "Base Prospectus"). The Base Prospectus has been or will be, as the case may be, published on the website of the Issuer www.berlinhyp.de (see www.berlinhyp.de/en/for-capital-market-investors/base-prospectus). In case of an issue of Notes which are listed on the regulated market of a stock exchange, the Final Terms relating to such Notes will also be published on the website of the Issuer www.berlinhyp.de (see www.berlinhyp.de/en/for-capital-market-investors/base-prospectus/final-terms).

(if different from making profit and/or hedging certain risks)**

The net proceeds of Green Senior non-preferred Unsecured Bonds ("Green Senior") will be used exclusively to refinance Eligible Assets as defined below. The Issuer's balance sheet includes upon the issue date Eligible Assets for an amount at least equivalent to 110 per cent of the net proceeds of every Green Senior. Eligible Assets shall not be allocated to more than one Green Bond (Green Senior or Green Pfandbrief) of the issuer. In addition, the issuer shall make its best effort to (i) replace Eligible Assets that mature or are redeemed before a Green Senior's maturity by other Eligible Assets and (ii) generate new Eligible Assets, disbursed after the issuance of these Green Senior, for an amount equivalent to the net proceeds of the Green Senior before the maturity date of such Green Senior.

"Eligible Assets" means loans for the (i) acquisition or (ii) construction and (iii) refurbishment of Green Buildings as defined below. The mortgages on these Green Buildings serve as collateral for loans on the issuer's balance sheet. "Green Buildings" means energy efficient commercial real estate following the Eligibility Criteria documented in Annex 1 to the Issuer's Green Bond Programme (version 27 April 2017 amended by version 9 April 2018; published on the Issuer's green bond website www.gruener-pfandbrief.de). In this Green Bond Programme, the Issuer also describes its process of evaluation and selection of Eligible Assets and the tasks that its Green Building Commission has to fulfill. Eligible Assets are flagged within the Issuer's legal loan monitoring system and thus form a sub-portfolio of the Issuer's overall loan book.

The Issuer has appointed oekom research AG (oekom) to assess the sustainability of its Green Bond Programme. oekom applies its own framework to carry out this assessment. The results are documented in oekom's Second Party Opinion which is available on the Issuer's green bond website. The Second Party Opinion refers to the whole Green Bond Programme and includes every security that is issued under it. oekom or any other party appointed by the Issuer later as a successor for oekom in the future will issue a report verifying the compliance of all issued bonds with the Eligibility Criteria on an annual basis. The Issuer shall publish these reports on its website.

The Issuer will report annually on its website details of its Green Bonds and the loans collateralized by Green Buildings. These reports include details on the portfolio of Eligible Assets, the Issuer's new business in Eligible Assets, and an impact reporting.

Estimated net proceeds EUR 496,010,000

Estimated total expenses of the issue EUR 20,000

(set forth details in full here broken into each principal intended use and presented by order of priority of such uses)

Eurosystem eligibility

- Intended to be held in a manner which would allow ECB eligibility (in classical global note form (CGN))
 - Intended to be held in a manner which would allow ECB eligibility (in new global note form (NGN))
- That simply means that the Notes are intended upon issue to be deposited with Clearstream Banking AG, Frankfurt, and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria (ECB eligibility).
